FIDELIO®
austrian design

Spring/Summer 2018

SOFT SHADES FOR HOT DAYS

From powder and delicate rose nuances to gentle shimmering effect leathers - pastel is very important in the new FIDELIO collection for spring/summer 2018.

Pastel tones offer a versatility that is otherwise hard to find. No matter with what colour they are combined, whether for an elegant or romantic look, our models in the „soft shades look“ always fit.

Extensive designs with eye-catching prints, fresh cut outs or unusual jewelry parts also ensure a strong appearance.

NEWS, NEWS, NEWS!

FIDELIO has recently launched a new line - **Pro hx**.

Pro hx models feature the unique and well-known bunion insert.

However, in this line, the stretchable insert is not visible from the outside.

Therefore the optics are not affected in any way, so shoes of the pro hx generation can be worn by every woman.

One of these pro hx groups is Hilly.

The success of Hilly leads to its consistent further development this season:

For the first time, FIDELIO presents a light trekking sandal with pro hx insert in width H.

This sandal with trendy cutaway offers unique sporty functionality and unsurpassed comfort.

Within the group Haley, a new, semi-open shoe type impresses everyone.

Also unique is the brand new Hilly sandal with closed heels in the line Fidelio.

The refined straps provide a modern appearance and the high-quality, embossed leathers the certain something.

A “wow effect” is offered by the popular trekking sandal of the group Gini - it shows itself in as many colours as never before!

While browsing through our new catalogue, you will find many more charming models.

Therefore we wish you great moments with the new FIDELIO programme!

Kind regards,

Your FIDELIO team

pro hx / HALLUX Collection

pro
hx

pro hx

Pro hx models are featured with the unique and well-known bunion stretch insert.

However, in this line, the stretchable insert is not visible from the outside!

Therefore the optics is not affected in any way, so shoes of the pro hx generation can be worn by every woman.

The insert helps ladies who suffer from a bunion by being wonderfully softly padded. Unpleasant pressure points can be prevented.

The sole and the lasts of FIDELIO models have been constructed so as to provide enough room for the toes and muscles.

Top quality leather uppers and lining materials cater for a healthy foot climate.

Removable insoles and light, slip-resistant soles are also part of the FIDELIO recipe.

Grace G

The feminine group Grace makes women's hearts beat faster with light and airy pumps and sandals.

Grace enchants with a perfect fit, superior comfort, unique functionality, soft padding, natural uppers, and an invisible stretchable insert.

Floral patterns and dainty cut outs provide that certain something.

- Natural form
- Heel height 45mm, gradient 32mm
- Partially vegetable tanned uppers
- Removable footbed made of cork, soft
- Air-cushioned sole + strobel construction:
Soft tread with excellent grip
- Ideal for full orthotics
- Breathable leather lining
- Slip-resistant sole

Clogs, width F½ and H

Here you'll find comfortable leather clogs with a removable footbed and HALLUX bunion insert.

Through the adjustability of the velcro these models offer best support and comfort.

- Natural form
- Heel height 32mm, gradient 20mm
- 100% natural cork removable footbed, ECO-certified
- Soft padding at forefoot
- Air-cushioned sole + strobelt construction: Soft tread with excellent hold
- Ideal for full orthotics
- Breathable leather lining

Hanni H

The ideal fit of this sandal leads to comfort and a good hold.

The straps can be adjusted to the desired length due to the use of velcro. If necessary the straps can also be cut shorter.

- Wide form
- Heel height 32mm, gradient 20mm
- Soft, padded stretch insert
- 100% natural cork removable footbed, ECO-certified
- Soft padding at forefoot
- Footbed toe-point matching colour of upper
- Air-cushioned sole + strobelt construction: Soft tread with excellent hold
- Ideal for full orthotics
- Breathable leather lining

Gini G

The group Gini convinces with its perfect fit, superior comfort, unique functionality and natural uppers.

Bright and subtle, light colours and exciting effects create a certain summer feeling.

Particularly impressive is the colour selection at the popular trekking sandal!

The super-light 2-zone sole has a stable, shock-absorbing and non-slipping heel zone and a flexible, soft forefoot zone. The removable cork footbed with the proven Fidelio-Anatomy delights also with a soft padding from the heel to the toes. Perfectly positioned, individual velcro solutions ensure an optimum fit and provide maximum comfort and functionality.

- Natural form
- Heel height 32mm, gradient 21mm
- Partially vegetable tanned uppers
- Removable footbed made of cork, soft
- Footbed toe-point matching colour of upper
- Air-cushioned sole + strobelt construction:
Soft tread with excellent grip
- Ideal for full orthotics
- Breathable leather lining
- Slip-resistant sole

SOFTLINE Collection

Gerti G

With exciting new effect leathers, brightly coloured leathers or in classic variants the models of the group Gerti prove one thing: Quality does not have to be expensive!

Due to the many benefits that it offers (comfortable footbed,...) this trendy group enjoys greater popularity each year.

Attractive combinations with patent leather and new summery leather complete the range.

- Natural Form
- Heel height 36 mm, gradient 23 mm
- Good fit in width G
- All models are leather lined
- Comfortable footbed made from corklatex
- Size range 35-43
