# Blondo *Sport* Features

All Blondo footwear is authenticated by AquaProtect seal which certifies the use of high-quality waterproof leathers and materials with seal-seamed construction. This process provides a superior protection against water infiltration and the harmful effects of calcium/salt.

Developed by 3M, Thinsulate™ Isolation is made of unique microfibers which captures the air and reflects body heat twice as much as any other insulating fiber. Thinsulate™ absorbs less than 1% of its water weight and it preserves its insulating qualities even in moisture.

## WARM ZONE

The warm zone serves as a general guide to help you choose the best product that meets your specific needs. Please keep in mind that this guide may be influenced by several factors such as your fitness level, your activity level, the humidity level and the exposure time.

## REMOVABLE ANTI-BACTERIAL ACTIVE CARBON INSOLE

This removable anti-bacterial active carbon insole is designed to provide unparalleled comfort and additional cold protection to keep your feet warm. A gel pad at the heel adds extra cushioning for all-day comfort. Very effective against foot odors, this insole may also be removed to insert orthotics.

## WIDE FIT

Wide width is available in all Blondo styles. Double wide width (WW) is available in selected styles.

## WOOL LINING

100% natural wool lining is used in selected styles for additional warmth and protection against the cold weather.

## NATURAL RUBBER OUTSOLE

Many Blondo styles are made with natural rubber outsole as it offers the best adherence to the ground. Natural rubber is highly abrasion resistant and maintains its flexibility in cold weather.

## GENUINE SHEARLING

Selected Blondo styles have been designed with genuine shearling. This natural fur is renowned for its superior protection against the cold and outstanding comfort.

## BLOWN RUBBER OUTSOLE

Selected Blondo styles are developed with a blown rubber outsole as it has extremely lightweight properties.

## REMOVABLE MOLDED RECYCLED ACTIVE CARBON INSOLE

Selected Blondo styles are crafted with a removable molded recycled active carbon insole which provides additional comfort and insulation. This insole provides moisture absorption and is effective against odors.

## REMOVABLE MEMORY FOAM INSOLE

Selected Blondo styles are crafted with a removable insole made of pressure relieving 10 mm memory foam, which conforms to the natural curves of your feet. This insole also has a ribbed anti-slip gel bottom which will help it remain firmly in place.

# Benefit Hangtags

## Molded Removable Anti-Bacterial Active Carbon Insole

Only available in few constructions. This removable molded recycled active carbon insole provides additional comfort and insulation.

## 100% Natural Wool Lining

Styles that are made with 100% natural wool lining will have this hangtag.

## Cold Shield Comfort System

Only available in ALPES construction. The cold shield comfort system is an innovative multi-layer insulating system that offers a superior level of comfort and warmth,

## Removable Memory Foam Insole

Only available on these constructions

# *Our Story*

Blondo is a Canadian brand that was founded in 1910 by moccasin maker Harold Blondeau in his native town Loretteville, Quebec. Since then, Blondo's footwear has marked itself for its style, comfort, and quality. In the mid '80s, Blondo introduced its first collection of leather waterproof boots.

Driven by quality and fashion, in 2005 the brand made a strategic investment to develop more durable and functional footwear. Blondo's focus is to design cold-weather and waterproof footwear that is stylish and in trend. In 2015, the iconic Canadian waterproof brand was acquired by Steve Madden, and it has allowed the brand to expand to the US market. Blondo has been well received by the American market and is retailed in the best department stores and online retailers.

Blondo is continuously innovating and looking for the perfect combination of comfort, functionality, and style. The collection boasts an array of beautiful footwear that have waterproof technology and are made from the best waterproof leathers.
